DESCRIPTION

The project Cilento in Tour(ism) will be implemented in the Campania Region, and in particular in one of its wildest centers, a hidden gem in the Cilento mountains, Perdifumo.

The project has set itself the goal of offering to participants tools to promote their territory and understand how, from its enhancement, their professional and social redemption can arise.

Through comparison with peers from different European countries that will bring similar experiences from their countries of origin, the participants will acquire, supported by a facilitator expert in the subject, marketing techniques and promotion of territorial tourism.

One of the objectives of the project is to encourage the talent and entrepreneurial skills of young people from disadvantaged areas. Cilento, in fact, as a land of enormous yet unexpressed potential, becomes a privileged symbol where youngsters from different cultures can relate and, through interrelation, stimulate the development of their underlying capabilities.

PARTICIPANTS & THE GROUP

There will be 7 participants and 1 group leader from each partner organization. Participants should be between 18 and 24 years old. The group leader should preferably be 18+ with a stable link to the sending organization and an active role in it, preferably a youth worker or at least an experienced member.

Participants do not need to have a good knowledge in English, they just need a great willingness to be a part of a multi-cultural group.

The participants should show initiative for developing new skills, to participate to all activities and to accept to have group activities with other young people.

For the creation of an equilibrate group, all partner organizations should form gender balanced teams (4+4 including the group leaders) and to give equal chances to all applicants.

TRAVEL

It is not allowed to come to the venue of the exchange one day later or to leave one day before the designated dates. We can only reimburse tickets that are on 7th of December and on 16th of June 2021.
