

An Erasmus+ Youth Exchange that aims at countering fake news and propaganda on media!

What?

An Erasmus+ Youth Exchange which wants to tackle disinformation and fake news on both social media and traditional media organized by EuroDemos Youth Mobility NGO.

When?

From 3rd to 8th July 2022
+ 9th July as travel day

Where?

In Reggio Calabria, Italy

Why?

Because of the lack of tools, instruments and safe information for young people related to how protect ourselves from fake news, propaganda, disinformation, misleading news, sloppy reporting, fabricated content, polarization, information disorder, and much more.

It is time to create resources which are reliable from youth to youth and make sure that we can read through the lines.

Who?

Youth Leaders (with no age limitation but with a responsible attitude towards the own national team preparation and follow-up) and young participants aged 18-30 who are interested in the topic and hold ideas and eventual experience in journalism and social media management.

We are for inclusive young profiles! :)
