How is it to volunteer
in Bremen, Germany
with NaturKultur

Welcome to NaturKultur

Our local and international projects aim to encourage and support young people through non-formal learning opportunities, especially focusing on the topics of interculturalism, tolerance, diversity and understanding among the different cultures in Europe.

We are also organizing local events in Bremen and extending our network in the area by cooperating with other organizations and institutions.

Who are we?

We are a youth organization that is focused on international youth work. We organize between 8-10 Youth Exchanges and 2-3 training courses per year, and we are sending young people on many international projects abroad. We are also the coordinating organization for volunteering opportunities – that means that we are organizing voluntary services in Bremen and also send German youngsters abroad.

Our office is located in Bremen, but we organize our projects in our KulturHaus in Garlstedt, which is close to Osterholz-Scharmbeck and 30 min by car from Bremen.

IMPORTANT TO KNOW

We work 3 days together in the office per week, otherwise remotely.

Our team does not only live in Bremen but also in other parts of Germany or abroad.

This is why we have a very special working culture, being very different from many other organizations. This is why we are looking for someone who likes to work independently.

This is a project where self-initiative and implementation of own ideas is encouraged and developed.

We will help you to learn everything you need, to become even more independent throughout the project.

Logistics

1. Our organization, NaturKultur Bremen e.V., will be the coordinating organization in charge of all logistical matters.

But how is it to volunteer in Bremen?

Bremen is a city in North-West Germany (around 500.000 inhabitants), not far from Hamburg and the North Sea coast. Bremen is a vibrant, multi-cultural city with a lot of young people and both a historical center and newer areas of town.

A close-up photograph of several people's hands and forearms reaching towards the center, holding hands in a circle. The individuals are wearing various colored knitted sweaters: red, orange, teal, blue, brown, and yellow. The background is softly blurred, focusing attention on the hands and the gesture of unity.

The European Solidarity Corps is financing the voluntary service program. The mission of the ESC is to bring people from different backgrounds together to form a society based on mutual acceptance, solidarity and cohesion.
