*Empower Yourself, Empower Your Community*

Aktivismus Macht Mobil (AMM)

About NaturKultur and the AMM project:

NaturKultur e.V. is a youth organization founded in 2011 by young people to provide opportunities for international mobilities for young people. We have been active in Bremen since 2014. We mainly focus on international opportunities within the Erasmus+ and European Solidarity Corps programs. At the start of 2023, we began with the local project AMM, where we are supporting two local youth groups in Bremen to participate more actively in society, as well as to move around the different city districts of Bremen and their neighborhoods. The first group is working with the topics of youth activism and EU citizenship, while the second group is increasing their competences in understanding the multidimensional layers of migration and refuge and are made more complex with violence and conflict occurring at a global scale.
