Each delegation is responsible for preparing a one-night national evening event. You should prepare a program that is not going to be longer than 2h. You will present your country in front of the other participants and for people from the local community who are supporting this project with logistics. You should bring brochures and promotional materials about your country. You can play national music and teach your friends from other countries the national dances of your country. You can make quizzes and lottery games. You can bring food, snacks and drinks (NON ALCOOLIC) for everyone to try your traditions. Keep in mind there will be around 28 people. Do what you think is the best way to present your country, but please try to make it as interactive as possible and involve the rest of the participants.
