THE TRAINERS

ANJA

Ćao, ekipa! I'm Anja from Croatia.

I'm one of your facilitators and a logistics/paperwork person, meaning yes - I'll bug you for that one signature that's missing. I don't shy away from different things, and I thrive when I get an opportunity to learn from others. It's a never-ending cycle. Whatever you may need - I'll be your person! And if you don't need anything, but have a fun turtle fact you want to share, look me up. I look forward to meeting you.

MAJA

Hi there! I'm Maja, facilitator of the Future Green Leaders 2 project. The only thing I love more than long walks... are long walks in nature. I believe that both forests and people need space to grow, and I try to support that growth. I support nature by cleaning up waste and offering environmental education, and I support people through learning and psychodrama.

I am passionate about creating safe spaces for people to explore their feelings, connects with others and grow together.

I'm really looking forward to meeting everyone and sharing this journey with you.
